### *Admission Medication Policy*

\*All admissions must arrive with at least a 15 day supply of ALL prescribed medications in hand. Any barrier to the ability to bring in medications must have a refill prescribed.

\*Serenity House uses Rutland Pharmacy. Prescriptions called into the pharmacy may not be sufficient as we may not have available staff to pick this up. Please make every effort to pick up medication prior to admission day. In the cases of a direct transfer from another facility, medications may be delayed until delivery occurs.

\*Clients prescribed addictive medications are reviewed on a case by case basis with our Medical Director.

\*All admissions being prescribed suboxone MUST have a prescribing physician who will continue to prescribe this medication while at Serenity House, and post treatment. In order to remain on suboxone while in treatment at Serenity House, we will need to have a physician letter in place. This letter MUST be at Serenity House PRIOR to admission. The letter must state the following.

\*Client name & date of birth

\*Dosage of prescription and when prescription began

\*Name of prescribing physician & a note that they will prescribe through treatment at Serenity House

\*What Serenity House should do with the suboxone if the client were to leave treatment prior to completion.

\*A note that the physician is aware of client's relapse.

\*At this time, we do not induct clients on suboxone and we do not prescribe suboxone to clients post treatment at Serenity House. The induction process must be complete prior to the client's admission to Serenity House.

\*Any client who arrives for admission with an inaccurate suboxone count may not be admitted and a notification will be made to the provider.

*Thank you for your cooperation in supporting this transition for our clients.*

*Revised 09/17/2014*
